## From the Commander's Desk

### Thank You:

I would like to take this opportunity to personally thank and recognize the Officers of American Legion Post 75. Many times we do not stop and realize that almost all of our Post officers have jobs, manage family matters which at times are immense, and still dedicate hours of their personal time to our Post and Post Programs. Many times we find it very easy to criticize the decisions and management of our Post, but we must remember that we are all volunteers and we must all work together to assist our veteran brothers and sisters. We must think to ourselves, "Where would our Post be if these individuals did not volunteer their time for all of us"? So, the next time you see one of these officers rushing around the Post trying to solve a problem or help someone out, stop for a moment and tell them "Thank You". And, let me be the first to tell them All a heartfelt Thank You!

### Black History Month: African – Americans in the Military

For more than two hundred years, African-Americans have participated in every conflict in United States history. They have not only fought bravely the common enemies of the United States but have also had to confront the individual and institutional racism of their countrymen.

In continuing to celebrate major accomplishments and African American contributions to military service during black History Month, this month American Legion Post 75 celebrates and pays tribute to African-American Military Service Members and recognizes the important contributions they have made in past wars and continue to make today.

In conclusion, I would like to thank everyone for their support, encouragement and assistance. We have accomplished a lot and hopefully, together we can continue to improve Our Post and provide the much needed assistance to our Veterans in need, their families, and our community.

For God and Country,

Ken Bundrick  
Commander

## **Fourth Vice Commander**

Last month the BCS Championship Party and the Pool Tournament were a great success. Thanks to everyone that brought a side dish or snacks. Thanks also to everyone that attended because without you it would not have been the success that it was.

This month the big thing happening is the Super Bowl Party on February 5th . Come on out and have a great time. You won't have a problem watching the game because we'll have 9 TVs to watch the game on.

I'm looking into the idea of having a UFC Championship fight on the TVs in the social quarters. If you would like to see this happen just let myself or a Lounge Committee member know. The committee will be discussing it later in the month.

Last but not least Sunday is now "Happy Hour Sunday", happy hour all day long until closing.

For God and Country

Rob Davis
